

WHAT WE DO

Educate

Education is the heart of Green Quotient Solutions (“GQS”). We **simplify sustainability and renewable energy concepts**, making them accessible to everyone—from youth to non-sector professionals—empowering communities with essential knowledge.

Elevate

Working with GQS **boosts revenue and enhances both individual and team expertise**. We provide customized solutions that help our clients thrive through smarter, sustainable practices.

“We’ll raise your ‘**GQ**’
...and your **Revenue!**”

ABOUT US

Founded in 2024 by Sherida Hinckson, Green Quotient Solutions, LLC (GQS) is a forward-thinking consultancy dedicated to solving sustainability challenges through education, innovation, and empowerment.

“Green Quotient” reflects our mission to elevate knowledge about green concepts. Just as an IQ measures intelligence, “GQ” symbolizes a higher understanding of sustainability. We are passionate about inspiring action and empowering businesses, students, and communities to embrace sustainable practices that lead to lasting impact.

Through dynamic and customizable solutions, GQS helps clients unlock new levels of excellence while driving progress toward a more sustainable future.

- Minority-Owned and Women-Led
- Community-Focused
- Custom Solutions
- Global Perspective
- Expertise Across Industries

OUR CORE SERVICES

STRATEGIC CONSULTING

01

Whether you're navigating renewable energy projects, sustainability initiatives, or operational improvements, our expert consulting services are tailored to meet your unique challenges and goals.

EDUCATION AND TRAINING

02

From dynamic workshops to tailored curriculum development, we provide engaging learning opportunities that empower individuals, corporate teams, and communities to understand sustainability and clean energy.

ASSESSMENTS AND INSIGHTS

03

We conduct sustainability audits, generate data-driven reports, and deliver actionable recommendations to guide strategic decisions.

Don't see what you're looking for? Reach out!

We're committed to providing customized, innovative solutions tailored to your specific challenges.
